## **PUBLIC NOTIFICATION: MONSOON SEASON**

As the monsoon season sets in, the public is hereby informed and advised to take necessary precautions to ensure safety and preparedness during this period of heavy rainfall.

### **□ Key Advisories:**

#### **1. Flood & Landslide Risk:**

- Phuentsholing and surrounding areas are prone to flash floods and landslides during monsoon.
- Avoid visiting or settling near riverbanks, landslide-prone slopes, and unstable embankments.

#### **2. Drainage & Waste Disposal:**

- Do not dump garbage into drains, streams, or culverts. This can cause water blockage and flooding.
- Cooperate with the Thromde in keeping drains and public areas clean and free-flowing.

#### **3. Travel Advisory:**

- Refrain from unnecessary travel during heavy rain or thunderstorm warnings.
- Exercise extreme caution when driving, especially in low-lying or slippery areas.

#### **4. Health & Sanitation:**

- Ensure safe drinking water and maintain personal hygiene to prevent water-borne diseases.
- Report any outbreaks or health concerns to the nearest health center immediately.

#### **5. Emergency Preparedness:**

- Keep emergency contacts, torchlights, and first-aid kits readily available.
- Stay updated via official announcements on social media.
