Public Announcement

The Phuentsholing Thromde Administration hereby announces that all vegetable vendors across the region must sell their products exclusively at the designated areas within the Integrated Vegetable Market (IVM). This notification is in response to vendors selling in undesignated areas, which poses safety risks and contributes to littering in public places.

Henceforth, any vendors found operating outside of the Integrated Vegetable Market will face serious consequences, including seizure of goods in accordance with existing laws and regulations, and the Thromde Administration will not be responsible for any damages or loss of goods resulting from such enforcement actions. The Thromde Administration is committed to maintaining a clean, orderly, and safe environment for all residents and vendors.
